ICAR - National Bureau of Agriculturally Important Microorganisms

Understanding and Conserving our National Heritage of Agriculturally Important Microorganisms

डॉ. अनिल कुमार सक्सेना
निदेशक

F. No.Trg-Tech Staff/2016/

Dated: 9th June 2016

Dr. Anil Kumar Saxena, FNAAS, FIAMS
Director

Sir,

I am to inform you that ICAR has identified National Bureau of Agriculturally Important Microorganisms, Maunath Bhanjan to organize training programme for technical staff in the area of handling and maintenance of microbial cultures. The institute under the aegis of ICAR is organizing the training titled “ **Microbial Culture Handling and Maintenance**” during **2-11 August, 2016**.

The training course is exclusively meant for technical staff of ICAR institutes. The objective of the training course is to update knowledge and skills of the participants in collection, isolation, purification and preservation of different groups of microorganisms. A total of 20 participants from different ICAR institutes will be selected for the training. Further information about the course along with application profroma is given in the enclosed brochure.

You are requested to give wide publicity to this circular and nominate suitable technical personnel from your institute for this training. The duly processed applications should be sent to the undersigned well before the **last date for submission of application i.e 5th July, 2016**.

Kind regards,

Yours sincerely,

Anil K. Saxena
